

Dear Ms. Linda Houghton,

The Saskatchewan Brain Injury Association is pleased to invite you to our 3<sup>rd</sup> Annual Brain Food Dinner (part of the BIAC Hawaiian Oyster Odyssey series) at the **Hilton Garden Inn** on March 14, 2008. We are very excited to have the Sask Neuro Science Network (SNN) involved with us this year. Researchers will be displaying their current work and will be available for Q & A period during the reception hour.

This year's Hawaiian Oyster Odyssey will be highlighted with a creative culinary masterpiece designed by the executive chef of the Hilton using a Hawaiian inspired theme and ingredients. We will also be having a silent auction with many great items, and some fun door prizes including **Best Dressed Hawaiian**. The evening will feature a reception hour, music, and guest speaker, *Dr. Terry Levitt* who will apprise us on the "Impact of Brain Injury".

Individual tickets are \$ 100.00 each with a \$ 60.00 tax receipt issued. We look forward to seeing you at the dinner!

**Brain Injury is the leading cause of death and disability for Canadians 45 and under**, and a very difficult injury to recover from for the survivors and their families. Please help those affected by joining us in supporting this year's event.

All proceeds go to the Association's programs and services. Please feel free to call our office for more information or visit our website at [www.sbia.ca](http://www.sbia.ca) .

Thank you for your gracious reception.

Sincerely,

April Nosper
